Christie (Decades Dance): "You were awesome! I had the best time of my life...I highly recommend Spinning Gold!"

Debbie & Patrick (Wedding): "We just wanted to tell you how much everyone enjoyed your warm personality and bright sense of humor. My parents went to another reception recently and said that the DJ there was terrible. They wished you were there."

Cynthia & Dan (Wedding): "Absolutely fantastic! You rock man! Perfect entertainment for our perfect wedding. You kept the tunes rolling & our feet dancing and we all had a great time! (Dan says 'Not bad...for a yankee!!!' hehehe) Also thanks for the photo album - it is beautiful!"

Donna & Craig (Wedding): "Thank you so much for the WONDERFUL job you did as DJ's for our wedding reception. You guys were more than just entertainment for our guests-you were part of the party! We had a fantastic time, as did all our guests! Thank you so much for going over & above the norm to meet our (and our guests') every request. We'll cherish the memories for years to come! Thanks for everything - including our gift."

Christine & Bill (Wedding): "A thank you doesn't seem enough. Everything was perfect. You and Liz were a very big part of it's success. We've seen other DJ's in action, and many of them were either very hyper or you simply couldn't understand what they were saying. You have a wonderful speaking voice and your mannerisms were bright and friendly. Keep up the great work."

Cathy (40th Anniversary): "I have received so many wonderful compliments from all of the guests that attended my parents party. They said how professional every aspect of your performance was. We will definitely spread the word about you."

Robert & Joyce (Bat Mitzvah): "Thank you so much for the lovely gift you presented to our daughter. You are the only DJ that we know of that provides this nice service. We especially enjoyed your choice of music for the candle lighting ceremony. In the future, we will certainly recommend you for any other affairs."

Cynthia (Sweet Sixteen Birthday): "As you know, we had encountered several problems with the restaurant where the party was held. You certainly were a bright spot that day. Our daughter still talks about the great time she and her friends had. Everyone enjoyed themselves."
